

# Personalized Accounts

An institutional password enables users to conduct searches in iPOLL, but to access datasets and use the full resources of the Roper Center, individual users at member institutions need to make a personalized account. This process takes just a moment and there is no charge associated with a personal login. Once a user has created a personal login, it can be used to access all Roper Center resources from any location directly, without using the institutional login information.

**Personalized login is required to access datasets, create crossstabs in RoperExplorer, or download over 50 questions in iPOLL**

To make a personalized account, go to iPOLL on an IP authenticated computer or via EZ Proxy. Find the register link in the upper right-hand corner of the page. You will be taken to a registration page, where you can choose a username and password, agree to the terms and conditions, and submit.

## iPOLL Quick Guide

# 1. Search criteria: Choose keywords, topics , dates, polling organizations.

**Keyword(s)**

Example: unethic% OR ethic%

**Exclude**

**Topic**

**Organization**

**Date From**  **to**

Use four digit years, e.g., 9/10/1935 or 1935

**Search iPoll**

The % wildcard symbol stands in for any letters, returning plurals and other variants

Definitions

Topic definitions list

“Or” returns results with either keyword  
“And” returns results with both keywords

Excluding keywords narrows results

# 2. View search results.
